Narayani Model Secondary School / Bharatpur, Chitwan / July, 2021 - Present

- I currently study in DIT full scholarship(CTEVT).
- I passed my all semester with good Percentage and Now I am in last semester.

PROJECTS

Web Development

- My project is based on E- Learning platform.

An E-learning Management System (LMS) is a software application or platform that facilitates the delivery, administration, tracking, and management of educational courses and training programs online. It serves as a centralized hub for organizing, delivering, and monitoring e-learning initiatives.
